But they say that, it runs on a low quantity of memory and CPU. (0) ESRI Shape Viewer Review by Kevin ESRI Shape Viewer is a great app. The only complaint is that it has a limit of 10 million reads/writes. However, once the limit is reached it locks up and won't open. (0) ESRI Shape Viewer Review by DigitalMBA It does work pretty well. I think that was the only thing I didn't like about it. The UI could use some work, but it did work pretty well. I liked the speed and it seemed to work fine. I like the idea of something that is very simple and runs quickly. (0) ESRI Shape Viewer Review by Karen Works fine. I just wish I could specify a limit to the reads/writes. You can probably get around that by using the file system (if you have it), but I would prefer to not have to do that. (0) ESRI Shape Viewer Review by Valella Galioto It is good. (0) ESRI Shape Viewer Review by Mark It is a great app. I use it all the time. (0) ESRI Shape Viewer Review by randn SHP Viewer runs well. Loads shp files faster than the file browser and it has

NOTE: In case you experience some issue, check out the FAQ and FAQ+ folder located at the bottom of this post. Thanks to the awesome team at Croteam for giving me a set of keys to try out their latest and greatest, Ark: Survival Evolved! It's not often we're given a review code, and I've had a tough time coming up with a screenshot that showcased this game's potential in a concise manner. I was skeptical of Ark because the Alpha build (or lack thereof) was rough around the edges
