---

No, only Saints row 4, does not work in Saints Row 3. There are two "T's" throughout the game. But not here. And I already passed in Souls. In Doom, I was generally idiotic, I didn't like playing from a third person, in Fallout I just wanted to go through it. And then I started playing the second part. I liked everything. And, what a shame, these are mostly unfinished textures, everything is not as I expected. A lot of imperfections. But very cool. And it's nice to play there, the atmosphere is unique, the humor is wonderful. The question arises why the game slides to such an end. I do not know. I don't consider Saints rage's ending and ending as such. It's not Indiana Jones and Back to the Future, it's Game of Thrones. I think the writers at the beginning wanted to show how the game would develop, how it would eventually end. Or, like in Fallen, that Bethesda just doesn't fix bugs. But in the end it didn't work out that way. Although, in general, I agree that what they are doing is just plagiarism. I just don't understand the reason for this behaviour. "And the writers had a lot of time..." This means that they received money, but did not figure out how best to spend it. Well it is clear. Why did NTV pay? Not very clear. They have a lot of games there. Maybe I'm not right at all. I don't want to play this game. I think it should be paused. We just haven't come up with some magical recipes to make Saints Far Cry 3's play style unique. Here, for example, it became possible to install your weapons. Probably, if we initially made a high-quality game, and then, due to some problems, ported it to different platforms, then everything would be exactly like that. That's the problem - they did it as it really is and it turned out that it turned out very badly. Now we are back to what we did for Saints, it turned out well. Don't you think that the game is losing its audience due to the fact that it is released in parts? Everything is complicated here, but in my memory "Fallen" was made somehow one-sided, there was very little gameplay in it, everything was rather monotonous and not very interesting. Saint
