STORY

The First Ring of a Lightless Realm

After a world emerged from its eternal sleep, a multitude of dragons arose and spread over the lands between. The dragons were split into five types, and the gap between each faction of dragons became wider and wider over time. The darkness of the dragons' hearts and their incomprehensible hatred for humans led to a war. After an unknown number of years, the five dragons became locked in a terrible abyss. The only way out was the hope of a legendary power, the last remnant of the ancient Elden Kings.

As the five dragons fought and became dark and hideous, humans and elves who lived in the lands between became tormented by fear. As Tarn cast off the fear of his former life, he settled in the Lands Between. As a child, Ahaz looked on in awe at the powerful Tarn, her friend, and the leader of a powerful human and dragon race.

Shortly after that, the new sovereign, Ghidhi, appeared. After a period of time, Ghidhi entrusted the fate of the Lands Between to Ahaz and Tarn, and divided the lands into four zones: the region of Vail, Ondia, Etheria, and the skies. The new governor invited all races in the lands between to become Elden Lords, after being blessed by the Elden Ring, the Imperial Ring imbued by a god. From the beginning, Tarn's hometown was named Vail,
