Elden Ring: Rise is a fantasy action RPG developed by Beam & Beam and a sister studio of Beam & Beam. The game will be released on March 1st, 2017. Source: Noblemen RiseDear Editor: Cutaneous T-cell lymphoma (CTCL) is a heterogeneous group of non-Hodgkin lymphomas that may present with spontaneous blisters that, particularly when occurring in association with lymphoma, carry a grave prognosis.[@bib0005]^,^[@bib0010] These events are known as L-CTCL. These two entities are usually characterized by an indolent evolution, although an aggressive and lethal type of CTCL has been described. Pityriasis lichenoides (PL) is a chronic dermatosis that affects 2%--7% of the population and is characterized clinically by pruritic, polymorphous lesions associated with annular to round patches without any scale. In clinical practice, PL is a well-known manifestation of CTCL. PL can be associated with other lymphomas, including CTCL and cutaneous gamma delta T-cell lymphomas.[@bib0015] We present a patient who developed L-CTCL with atypical PL lesions along with erythroderma. A 70-year-old woman presented with an eruption of different-sized erythematous pruritic blisters on the chest and back ([Fig. 1](#fig0005){ref-type="fig"}) that had appeared within the last four months. The lesions began on the chest and back, and then spread to the extremities, causing intense pruritus. The patient had a history of lymphomas. She had been diagnosed with CTCL in 1994 and was treated with interferon- α . However, she experienced recurrence of the disease in 2012, and maintenance treatment was initiated with interleukin-2. In 2015, she developed *Pityrosporum ovale* seborrheic dermatitis and was referred to our department for further treatment of the eruption. On examination, there were multiple atypical, polymorphic, annular, erythematous, eczematoid, and lichenoid lesions on the trunk and extremities ([Fig.

The Canadian Press New Democratic Party Leader Tom Mulcair faced questions on his future, in particular, if he will continue as leader and if he will run in a 2019 election, during the first leaders debate of the election campaign. MONTREAL -- Tom Mulcair will remain New Democratic Party leader, even though the party lost 22 of 33 seats in the House of Commons and failed to put the Liberals back in power, Mulcair said Thursday. "I said at the beginning of the election campaign that I will step aside as leader if the party does not win," he said. Asked directly if he will run in a provincial or federal election in 2019, Mulcair said "no," saying he will serve in the House of Commons until his term as an MP ends in 2015. "It will be an election as a Montreal MP," he said. Mulcair reiterated that he would make a final decision after the Oct. 19 vote. "In the last days of

The Lords, Knight, and Thief: Together, a Weak Tower In the Lands Between, any man who unites the five Elden Rings, the five Holy Angels, and the four Divine Beasts of the Lords can become an Elden Lord. The lords with their Elden Rings unite

The people living in the five realms live peaceful and carefree lives, and they perform services to all the gods. The gods all maintain three palaces in the five realms. In the Meadows, the god of justice and the hero King Roland binds their power and tasks them with restoring peace to the Lands Between. The Garden, the Palace of Heaven, is the home of the God of Hope, whose light illuminates the realm of humans. [Copyright] HTC plans to bring out its next flagship smartphone dubbed as HTC 10 in the coming months and the company CEO Chialin Chang is all set to unveil its rival to the iPhone, reported a news portal. The Chinese company will complete the year with a bang and its stock will jump by 5-10 percent, while its higher-ups' salaries will be doubled. There has been a lot of speculations circulating about HTC's flagship device and the company's CEO Chialin Chang has recently talked about its successor during an interview with a Taiwan-based news portal, saying, "The 10 is still under discussion but I think we'll release it this year and there will be a more expensive version. We're continuing the research, and sometimes we'll release a product that lasts just for a few weeks." HTC had held off on revealing the successor of its current flagship HTC One M9, owing to HTC's un-aggressive launch and the fact that its rivals were on a three-month mile stone, but now with the competitors losing steam, HTC is planning to launch the HTC 10 in the coming months, according to the report.
