The game was released in October 2019. Gameplay As the game's name suggests, the player must attend a club within 4 weeks, and not embarrass themselves at the end of their time there. The player is able to take on a number of different jobs around the club, which become available as the game progresses. Club is difficult due to its unforgiving skill system, and classifies the player according to their performance. A player with high skill can achieve a perfect run, while a low skill player will not be able to finish on time and could be ejected from the club.
