Hello everyone, First of all, I must say that I am really new to custom ROM flashing. ... CM9 rom firmware for Saycool A710 tablet ... crane a710 eng. At the moment, I understand that there are two ways to install custom ROM: 1. With Custom ROM firmware on the tablet. 2. Using an emulator that will run on a PC. In my case, I'm not sure if this is the best way as I know about it. So I want to share my experience in this. Since I have already used the CM9 ROM on the tablet, I will use my experience to solve the problem. So, I'll start with what I did. I bought a tablet with 2gb of memory that does not support OTG.
