2046: Directed by Kar-Wai Wong. Starring Tony Chiu-Wai Leung, Gong Li, Faye Wong, Takuya Kimura. Several women enter the life of a science fiction author during ... What did you want ? Chinese cinema? You can't look at it unless you watch it through a special device. It makes no sense, there's no plot, it's like one big narrative and that's it. All this happens very slowly and it gets boring. And if you turn on the imagination, you can say that everything here is the opposite - very fast and not understandable. In fact, it is not bad, but I did not understand anything. Nothing happens in this movie.
