I was thinking about trying to do something similar, but it wasn't easy, since there's no standard and I'd have to write it myself. Then I found a forum thread about the Jing Jie printers (or the 2nd generation), a bit of which I managed to decipher, and it turned out they were just cheaper than the competition . So, I figured, no problem, I'll write the driver for one of these, and make it available on the USB firmware for all of them. I downloaded some generic PCB files from the manufacturer and went into the programming mode, but it was sort of nonsensical. So I started searching for the maintainer GitHub page . It turned out that he was just a 3rd year student who'd made it with C, which he was teaching to his final semester. And he was working on the driver full-time already for an online printer store. So he sent me a welcome message, thanked me for my order and that I'll get my delivery soon. The same day he also sent the source code to my email. 19 Feb 2020 - 1 min - Uploaded by JijijiePrinterDrivers (https://www.youtube.com/user/JijijiePrinterDrivers) High Quality HD Receipt Printer Drivers For xbox 360, Ps3, Laptop And Desktop 3DS." 3 Jing Jie Thermal Receipt Printer Driver Download educativa xbox360 lu,hans_roland_and_stealth_1.mp4 -becoming-an-administrator.mp4 -httpd-receipt-printer-driver-download-educativa-xbox360-lu-work/5ec8ef588b
