Let's say we have a static variable that is in the same scope as an object. Is it possible for that static variable to modify the state of an object? int a = 42; MyClass myObject; MyClass.intValue = a; If I perform the above code, could myObject be modified to something other than the value of a? A: Yes, it is possible. The problem here is that the variable is not initialized. int a = 42; MyClass myObject; MyClass.intValue = a; This will not compile. You could do the following instead to make it compile int a = 42; MyClass myObject; myObject.intValue = a; [A case of endobronchial leiomyoma: case report]. A 72-year-old man, who had been followed for emphysema due to chronic obstructive pulmonary disease, complained of a persistent cough at night. Bronchial endoscopic examination revealed a polypoid lesion obstructing the left main bronchus and a histological examination revealed that the mass was a leiomyoma. There have been some reports on endobronchial leiomyoma in the English literature, but this is the first case reported in Japan. The duration of the case we report was 3.5 years, including the duration from the onset of symptoms to bronchial endoscopic examination. 04aeff104c
