However, Akshay accidentally destroys his relationship with his friend and romance falls apart when she suspects his sexual orientation. Is there a way to save the relationship or are they destined to part? Neeraj Vora (2008) The film is a story of friendship and romance, revolving around two men, played by Akshay and Abhishek. Abhishek marries an Aryan girl from their college days and goes back to their small town in the north to settle down, but one thing comes in the way of his happiness and that is how he is perceived by his wife's family. This leads him to contemplate his life, which leads him to his other best friend Akshay. They become close friends, but never find it easy to share the same room. They each have their own lovers,
